2026-10-16	ok	1	7,536	53	67
2026-10-17	ok	0	7,536	54	67

What happens next

- The dry scan is complete. Backfill_Plan.xlsx is attached to this run in GitHub Actions (artifact 'backfill-out').
- Next: Tarun and accounts review the 'Skipped, needs human' sheet (about 20 minutes), then management approves the live run.
- Claude prepares the management presentation from these final numbers.
- The daily scheduled run keeps going but does almost nothing now (about 40 calls a day); it will be switched off after go live.
